Thank you all for your comments. I just accepted Mike and Kim's comments, included a brief section on CE and changed the status. Elyana, in the header, who is the contact? Is that someone in R8 or is that supposed to be an OGC staff person? I think it's good to go, unless you guys have additional comments. Just let me know! Thanks, Lucita

Hi –
It might be helpful to include a section on the cumulative effects analysis with a short summary of what areas are addressed (air, climate change, etc.).

Thanks, Kimi

I suggested some rewording of the NHPA section. Tell me if you think it's too much intro. Also, I thought the OGC template included some questionable formatting choices, so made some edits to fix those. Please disregard if you don't like them.

Attached is a draft briefing doc in the template format we got yesterday. Please review and provide comments today, if possible. I left the status and recommendations blank. Elyana, let me know if you want to put anything in those sections. If it's complete before tomorrow morning, we can use it to brief KC as well. Thanks, Lucita
